PROFESSIONAL SUMMARY

Founder, technologist, and operations leader with more than twenty-five years of experience spanning U.S. Air Force aircraft systems, decentralized software development, aviation software, hospitality and venue operations, ministry, healing arts, performing arts, education, and real estate. A repeated record of founding organizations from nothing and building them into functioning, revenue-generating operations — and, running beneath it all, two decades of advocacy for underserved and persecuted people: FAA appeals, VA benefits claims, and religious-rights defense, fought and won.

CORE COMPETENCIES

- Full-time decentralized application developer who ships end to end — contract logic, front end, deployment.
- Serial founder: five organizations taken from concept to functioning, revenue-generating operation.
- From F-16 electrical systems on the flight line to building flight-school compliance software — and winning a two-year FAA appeal.
- Owner-operator of a rainforest wedding venue and two Superhost short-term rentals — acquisition through remodel through revenue.
- Founded a faith community of ~5,000 members; fifteen years of healing, counseling, and coaching practice.
- Legal, medical, and benefits advocacy for underserved and persecuted people — regulatory appeals fought and won.
- Professional samba performer, choreographer, and former studio owner; trained in Brazil under masters of the form.
- ESL in Korea, at-risk youth on snowboards, challenge courses, dance curriculum, ceremony — a teacher in every setting.
- Licensed salesperson in San Diego's market, then investor-operator: three properties acquired, remodeled, and monetized.
- U.S. Air Force veteran — F-16 electrical & environmental systems journeyman, plus years of veteran-focused public service.

PROFESSIONAL EXPERIENCE

President & Managing Member | EON Holdings LLC

2023 – Present

Puerto Rico

Founded and direct a series-LLC structure governing real estate, hospitality, and venue holdings; entity governance, contracts, insurance, capital allocation.
